Teenager raped in a church hall

We at the ARSE would like to take this space to acknowledge the NARO theater, the best in town, for all the great movies they have been running during the past few years. Dear Tidewater Arse,

Now there's a real nasty rumour going around about the boys from the SCAT House out in Deep Creek. There's talk that these guys are - now are you ready for this? - DEVIL WORSHIPERS! Now can you believe that? Now how this bullshit gets started, I just don't know. I mean, just cause Vic has a copy of the Satanic Bible and likes the Birthday Party and 45 Grave - I mean, what does that prove? Or just cause Scott Bennett will talk backwards after a few beers - what does that prove? HUH? WELL!? I mean, he's just a real party guy. And if people can't take a joke - FUCK 'EM! Or just because eating shit (Scat Ritual) is a satanic rite - what does that mean? You know? Just 'cause I have a copy of Mein Kamp doesn't mean I'm a Nazi. So, just because they have a copy of Beezlebub Youth, what's that mean? Just 'cause some guys aren't afraid of writing 666 anywhere they fuckin' please just means they aren't scared of some silly Voo Doo. So I say, "Hey everybody, lets cut these guys a break."

GREGIZOD

P.S. When they sacrifice their first virgin, I hope they give me a call.

Dear Tidewater Arse,

On July 6th and 7th, there was a so-called radio show on WARO about "punk rock" music. It was on this program called "MidDay" with Chris Dicken. He interviews two local yup yups - one was JUDICIAL FEAR bassist Jon Graff and the other was a "New Wave Fan", Greg Stant.

Who do these guys think they are anyway?

What are they trying to prove?

Now, I can see Jon talking about the music 'cause he's like real Punk Rock - I mean he plays in a band and has had a Mohawk and like didn't even try to sound intelligent. I could tell that by the way he says "You Know" about a million times plus he said "UH" a whole bunch. But who is this other clown? He wants his mother to spank him? I mean what's that got to do with the scene, anyway? And the way he kept talking about Catholics. Catholic this, Catholic that, Catholic girls, Catholic family. I mean what was he trying to do? Score points for the Pope?

Then there's the audience that these guys try to reach. What does a bunch of Classical music listeners care about Punk Rocks?

I think these guys ought to look at themselves in the mirror, have a good laugh, and quit taking themselves so seriously.

Signed, BUCK NEKKID

JODY FOSTERS' ARMY - VALLEY OF THE YAKES

Very cool Skate Punk LP. Lots of good tunes and even 2 surf songs. Good musicianship. Great cover, too. Sharks on Skateboards. Jaws on Dope.

A

POISON IDEA - "PICK YOUR KING" EP

Good raw thrash. These guys sound like White Cross, but not quite as intense. Still, it's a very hot record.

A

MEATMEN - WE'RE THE MEATMEN....AND YOU SUCK

Blatantly retarded sickest mind of the year award winner for 2 years running, Tesco Vee, Can do no wrong. It's music to weed out undesirables..

A+

AGGRESSION - DON'T BE MISTAKEN

Only 1/4 of the cuts really stand out. And the production is poor, thus making this record easily forgettable.

C

GOVERNMENT ISSUE - BOYCOTT STABB

Not bad, but not in class with the 1st EP or other DISCORD releases.

B-

JONESES - CRIMINALS EP

This band sounds like Johnny Thunders, even better. 6 real hot tunes.

A

HOSE (2 EPs)

The 1st EP with 5 songs is the bastard son of Flipper. All the cuts are great. They cover 3 soul tunes "Super Freak/Fire/You Sexy Thang". The song "Dope Fiend" is a classic. The 2nd EP with the songs "MOBO/Girls/The Zoo is even Better". Some may call them Flipper clones but which came first? - The Flipper or the Hose? I like 'em. It's too bad the WAVE had a chance to book 'em and didn't do it.

A

THE DICKS - KILL FROM THE HEART

Great. Fuckin' great. Texas Punk band. Buy it now.

A

THE NECROS - CONQUEST FOR DEATH LP

At last the album. Contains several older Necros tunes. Good sound. Hot songs. Punk, not thrash. Great grinding music.

Andre and Steve are renaming their band because of a band from Texas called Bang Gang.

GOD'S WILL is currently recording a studio demo tape with 20 songs on it.

PERSONAL TO KENJI - It's nice to have a scene report on Virginia in Maximum R N R but the only thing Tidewater lacks from Richmond is a place to have shows. How can you write about the Tidewater scene after only one show in Richmond? What's this shit about us having only half a band? In case you didn't know, there are many:

(In alphabetical order)

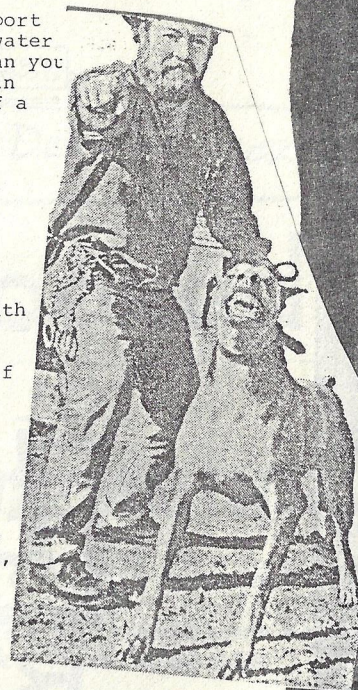

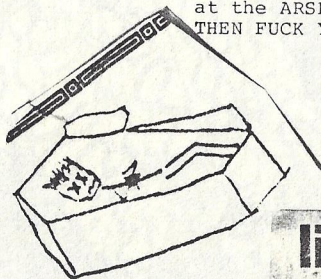

- | | |
|------------------------|-------------------|
| 1. Aggressive Behavior | 8. Jerry's Kids |
| 2. ANSCHLUSS | 9. Judicial Fear |
| 3. Bottom Line | 10. KJB |
| 4. Dead Meat | 11. Scat Ritual |
| 5. Death Row | 12. Skaters Faith |
| 6. God's Will | 13. Urban Discord |
| 7. HOIT | |

So, KENJI, Please do us a favor and keep your mouth shut about stuff until you've researched it fully.

It took us a long time to get rid of 125 copies of ARSE #1. So answer this - The reason is:

- a) the cover didn't say "Free"
- b) the magazine sucks
- c) the people of Tidewater sucks cheaply
- d) all of the above

What other fanzines are out there? I know of 2; "Just Bored" and "The Hypo-Jag Journal". Write to us at the ARSE. Let's collaborate on something. If not, THEN FUCK YOU TOO!!!

Grows New Bone

JUDICIAL FEAR have broken up. Bassist John has gone to NY and the drummer joins a hot new beach band called ANSCHLUSS.

New 12" EP's are due out real soon from the PREVARICATORS and WHITE CROSS, both from Richmond.

The Going Bananas June 29th show with HOIT, GOD'S WILL, GRAVEN IMAGE and JODIE FOSTERS ARMY went great. Lots of people. The 3 opening bands sounded better than ever before and JODIE FOSTERS ARMY was spectacular, but "guess what?", they didn't play my very favorite song.

KJB is going strong with upcoming shows at the Wayfarer Inn and also at Hard Times in Richmond. Their sound is getting a good edge-to it after progressive refinement. Best of luck to them. CRYING LOT is broken up. Drummer Shon is now in a band called DATAPANIC, who will be performing several shows with KJB.

It's too bad that all the clubs around here suck ass, isn't it? The Wave really fucking blew it this time. Two previously arranged shows with CHANNEL 3 from L.A. and SCREAM from D.C. have been called off. The owner says why take the risk when he knows he'll make his profit with the likes of X-RAVES, JERRY'S KIDS, DEAL, etc, etc. We at the TIDEWATER ARSE feel this is unfair and we have a plan to overcome these drab nightspots. We plan to rent a warehouse and have shows with admission ONLY by advanced ticket sales thus eliminating collecting money at the door. Will all of you out there help us locate a warehouse so we have a place to go to, a place to hang out. If you can help then write us here at the ARSE.

NEWS UPDATE: (7-8-83)

JUDICIAL FEAR is back together. Bassist John is back from NY. There have been a lot of beach parties so far this summer. There's also several new beach bands. They are DEATH ROW, AGGRESSIVE BEHAVIOR, SKATER'S FAITH, DEAD MEAT, URBAN DISCORD, and BOTTOM LINE. We would like to help these new bands get shows, but Tidewater is fucked up. We couldn't even find places for free shows by SCREAM, CH. 3, and HOSE. But, only 90 miles away in Richmond, these bands have palyed to large audiences at various Venues. Someone please help. We need to find a place to have parties. Maybe all the interested bands could rent a warehouse together or a house out in the sticks. Would it work? Send us your ideas.

Hey Folks,

Remember EBB from Green Acres? Well his cousin IBB from Mt. Pilot has a straight edge band called the SEX TRACTORS.

JOE ROCKHEAD is now booking Thrash bands at the Water Buffalo Lodge on Colleystone Ave. in Ghentrock.

Big-time concert promoter, HOWARD SPRAGUE from Mayberry, N.C. is also booking bands at Thelma's. Needless to say, Mayberry is abuzz with rumours about Howard's liquor liscense, OPIE's new hairstyle, and the dissappearance of FLOYD's valium.

Remember TABITHA, the cute little girl on Bewitched? Well, after bouts with alcoholism, child molesting, and sodomy by her parents, she was left in a foster home. But with enormous help of FREDDIE BLASSEY, she is trying to make a comeback by telling fortunes at the WAVE on Tuesday nights. Come on out and support her.

Promoter CHARLTON HANEY from Hooterville, has really outdone himself this time. He's organized a 2-day music festival at DRUCKER's CORNER featuring many top acts including the SEX TRACTORS, ARNOLD ZIEFFEL, EBB and the MUDPECKERS, BETTY JOE MAMA and BILLIE JOE BITCH, the HOOTERS, RALPH and SAM, and HANEY's ANGELS.

The GUIDING LIGHT Presents....
the TWC's SQUARED CIRCLE

**was sentenced
to be destroyed**

Hi folks, welcome once again to the grappling review. This month's council was held Thursday, July 7th at the Scope. While most of you fuckin' wimps were at the Crysler Hall watching the TUBES, we were in the Scope encouraging death, humiliation, destruction and other cool stuff like that.

Well, as usual, the evening started with an easily forgettable no-name match. The second match featured JOE LADUQUE pinning one of GARY HART's lesser known wrestlers. The next match was the most faked, stupid match I've ever seen. It was the MAGIC DRAGON vs. RUFUS "FREIGHT TRAIN" JONES. Naturally, JONES won and the crowd went wild. I hate good guy wrestlers. The next match pitted bad guy DICK SLATER against good guy veteran JOHNNY WEAVER. SLATER beat mercilessly on WEAVER and eventually pinned him. This restored my faith in the wrestling circuit. Next up was the GREAT KHABUKI vs. JIMMY "the BOOGIE WOOGIE MAN" VALIANT. The GREAT KHABUKI kept his TV title, but was disqualified for poking the ref in the eye. GARY HART proved many times during the evening that he is a great manager who will use any illegal tactic to aid and abet his fine stable of wrestlers. Next up was the tag team combo of RIC FLAIR and RODDY PIPER vs. GREG VALENTINE and JAKE "the SNAKE" ROBERTS. This match highlighted some fine wrestling, but PIPER lost his cool and beat up VALENTINE with one of the ringside chairs thus disqualifying FLAIR and PIPER. They are two GREAT wrestlers!

The main event was the World Championship Heavyweight Belt Title Match between HARLEY RACE and WAHOO McDANIEL. As we all know, HARLEY RACE is the Champ who won the title by accident. RACE retained his title in what everyone saw as an unfair decision. But what the fuck, somebody is soon gonna beat his ass.

All in all, it was a classic night of wrestling and you should have been there.

For those of you inexperienced wrestling fans, who also want to have fun at the Squared Circle, we have provided you with a beginners glossary of wrestling fan terminology:

1. "BREAK IT OFF" - Say this when your favorite bad guy wrestler has an armlock on his opponent.
2. "KICK HIM AGAIN" - This is what you say when your wrestler stops at 5 kicks.
3. "I ORDER YOU TO DESTROY HIM" - Encouragement for your wrestler.
4. "TEXAS DEATH MATCH" - What every match should be.
5. "AT THE OMNI, DADDY" - Where all good guy wrestlers go to die.

SHOW REVIEWS

WED. JUNE 29th at GOING BANANAS in Richmond. HOIT played first and they were well liked by the crowd. Good songs, good music. Next GOD'S WILL played a very tight set and the crowd responded. The real surprise of the evening came next when GRAVEN IMAGE performed the best set I've ever seen them play. They were hot! The plodding drums, grumpling bass and grangling guitar really clicked tight. Then- the feature attraction from PHOENIX, JODIE FOSTERS ARMY, played a blistering set of SKATE songs, SURF songs and YAKETUNES, but "guess what?", they didn't play my favorite JFA tune. But still, they earned and entertained the large crowd they had.

SUN. JULY 3rd at the LINCOLN MEMORIAL. The Rock against Reagan Rally was a damned good event. Lots of great bands and lots of interesting speeches made. Gone were the fights of last year's show. C.I.A. form CONNECTICUT palyed first. They were good, fast, and tight, but nothing outstandingly easy to remember. Next, TOXIC REASONS from OHIO played. I missed them as well as CAUSE FOR ALARM, D.R.I., and CRUCIFUX. Sorry, but I was busy! Anyhow, M.D.C., the next band I saw put on a rampant performance. Faster and tighter than before. The new stuff they played was grizzly type awesome. These guys are one of the best bands in the US. and certainly one of the smartest. Next up - the suburban psychedelic attack of the DEAD KENNEDYS. They are the best live performing bands in the states. Their creepy melodies attack the nervous system. JELLO BIAFRA confronted by "the. two red eyes of the towering Eternal Klansman", (the Monument) led the band through their set in an impressive fury. The set included "Police Truck/When Ya Get Drafted/Religious Vomit/Bleed For Me/Kepone Factory/Moral Majority/Life Sentence/I Kill Children/I Am The Owl/We've Got A Bigger Problem Now/Holiday In Cambodia/Nazi Punks Fuck Off/Chemical Warfare and Viva Las Vegas. You should have been there! Too bad they didn't play Riot or any of side 1 of the latest LP, hopefully they will Sat. the 9th of July in Richmond.

Man nailed for driving drunk in a wheelchair

A QUADRIPLLEGIC has been arrested on a charge of drunk-driving — in his motorized wheelchair.

Baily King, 28, has only minimal use of one hand. But police say he was weaving crazily on a street in downtown Sunnyvale, California, at speeds up to 10 mph.

Patrolman John Credi says he forced King to the curb and took him to the Santa Clara County Jail in San Jose.

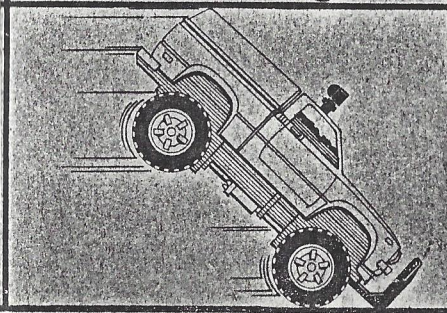

King was charged with driving under the influence of alcohol.

The wheelchair, a 600-pounder, was towed to a garage for safekeeping.
